Re: Yoav Shlomov Support For Scholarship

Dear Sirs/ Madames,

Again we have one of the highly talented musicians needing support for his continued studies.

I have seen his letter to you and agree that it is all true! This young man is without doubt an outstanding musician, with great qualities of 'music perception, music knowledge, music technique, and extended capabilities!!

He will be one of whom we can proudly say, "Yes, Yoav Shlomov did attend our Jazz Department and he represents "one of our best".

He certainly deserves support in acquiring his musical goals through the aid that we as a school can provide.

Please consider.

Respectfully submitted,
