

Recommendation for Yoav Shlomov

Yoav worked at Waves-Audio from October 2022 to June 2023. Waves-Audio is an International company based in Israel, Waves develops software and hardware for audio-signal processing and is a world industry leader in its field.

Yoav served as a technical support representative. As part of his role, Yoav provided technical support via emails and phone calls in English to customers worldwide. His position required him to learn quickly, get on top of complex software and hardware systems, solving problems with end customers in real time and under pressure while working in different environments at the same time (Email, CRM, TEAMS, TeamViewer, Phone). Yoav met all his goals.

Unfortunately, the company is in the process of downsizing and for now the company had to finish his employment. We greatly appreciate Yoav for his contribution to the company and wish him success in his future positions.

Best regards,

Nir Sobol
Waves Technical Support Manager
